PACIFIC CHAMPIONS
MEETING AT SEATTLE

(By Associated Press)

SEATTLE, Wash., May 31.—More than a hundred athletes rated among the best on the Pacific coast and representing seven universities met here today in the annual Pacific coast conference track and field meet. Few ventured any predictions as to the winner of the meet and betting on the result was negligible. Only in the case of a number of individual performers who were expected to win their respective events was there any attempt made at picking the winner.

The institutions represented by teams were the University of California, Stanford University, the University of Washington, the Washington State college, the University of Oregon, the Oregon Agricultural College and the University of Idaho.

Prior to the meet it was generally expected that the struggle would lie between the two California universities, the University of Oregon and the University of Washington. In their dual meets Oregon defeated the University of Washington by a scant margin and the same result obtained in the win of Stanford over the University of California.

A recapitulation shows that the California athletes made better showings in nine of the 14 events.

BERLIN HET UP
OVER RHINELAND

(By Associated Press)

BERLIN, May 30.—The government has issued a statement saying that those planning to separate Rhineland from Germany and create an independent republic are guilty of high treason punishable by death or imprisonment. There was violent criticism in the Prussian diet of Herrs. Fuester, Kuehloff and Frohberger, who are alleged to have negotiated with General Mangin, commander of the French army in the Mayence district.

ROTARIANS TO
MEET IN UTAH

(By Associated Press)

SALT LAKE CITY, May 30.—The tenth annual convention of the International Association of Rotary Clubs, to be held here June 16 to 20, inclusive, will be one of the few conventions held in this section of the country that attracts such a large attendance that use of the famous Mormon tabernacle will be necessary. Already hotel reservations are being made from big delegations from many of the largest cities of the country and the accommodations are likely to be overtaxed.

The program for the convention is rapidly approaching completion and several big convention subjects are included. There will be a liberal proportion of entertainment after each day's session—the committee having planned several unique "skits." The problem of relations between capital and labor, and "boys work" are two of the vital questions which will come up for discussion, and there promises to be a spirited contest for this honor. With J. H. Higgins of Detroit; J. P. Harris of Chicago; E. S. Snodgrass, Portland, Ore.; Albert S. Adams, Santa Ana; and Jacob R. Perkins of Fort Madison, Ia., are the nominees.

Apart from the 1920 convention and it is understood other eastern cities will present their claims during the convention.

The northwesterners excelled in the mile run, 120 yard hurdles, 100 yard dash, discus throw and 220 yard hurdles.

RUSSIANS FOND
OF GOOD MUSIC

(Correspondence Associated Press)

LONDON, April 25.—One of the most interesting phases of life in Russia since the revolution has been the passion for music displayed by the masses of the people. Albert Coates, an Englishman, who has just returned from Petrograd, where for years he was one of the principal conductors of the Imperial Opera, says the Russian proletariat throngs theaters and concerts.

The educated music-loving public of former days has almost entirely disappeared, Mr. Coates says. The one that has taken its place is a new public consisting of workpeople, peasants, soldiers and sailors.

"I thoroughly realized during the revolution," he went on, "the force of the proverb, 'Music bathes the soul in the savage beast,' for whatever the 'people' do in the political and social sphere and their record is pretty bad—at concerts and at the opera they sit as reverently as though they were in church, and listen with the rapt expression of children in whom fairyland is suddenly revealed."

"It has often happened that after a concert some simple peasant has risen and formally thanked me and the orchestra for the pleasure we have given them. Often, after a symphony, a group of workpeople have crowded around me and asked to have explained things in the music they had not understood. They showed a marked preference for modern and complicated music, strangely preferring it to the older and simple forms of Russian music. Their special favorite, strange as it may seem, is Scriabin and after a performance of his composition 'Poeme d'Extase' (that I was conducting at the Mariinsky theater, the public, which consisted almost entirely of the 'people,' shouted themselves hoarse with enthusiasm. I had never dreamt they would understand it."

"After the performance I was constantly receiving requests workpeople used to stop me in the streets to get up another concert and conduct the 'Poeme d'Extase'."

signed, John Napier Dyer, governor of the eleventh district, Rotary Clubs, will be the principal speaker on Rotary ideals.

It has become popular to name each rotary convention and the June convention to be held here this year is to be known as the "Victory Rotary Convention."

The date there are five nominees for the presidency of the association, and there promises to be a spirited contest for this honor. With J. H. Higgins of Detroit; J. P. Harris of Chicago; E. S. Snodgrass, Portland, Ore.; Albert S. Adams, Santa Ana; and Jacob R. Perkins of Fort Madison, Ia., are the nominees.
